THE HUTCHINS SCHOOL

English Language Intensive Course for Overseas Students (ELICOS) program

Learning excellence, opportunities, family environment and world-class facilities

The Hutchins School is an Anglican day and boarding school for boys from Pre-Kindergarten (3 years of age) to Year 12. We have a strong sense of tradition that instils in our students and staff an appreciation for the history of the School and what it means to be a part of the Hutchins community.

In 2019 The Hutchins School will offer an English Language Intensive Course for Overseas Students (ELICOS) program as a registered ELICOS provider.

The program is open to international students (both boys and girls) aged 12–15 years as of 1 July in that Australian school calendar year. The program is for students who require a 10, 20 or 40 week English language preparation course prior to integration into the Australian Curriculum.

The Hutchins and Collegiate residential communities

ELICOS students are accommodated in The Hutchins School boarding house (for boys) or the St Michael's Collegiate boarding house (for girls).

Upon successful completion of the ELICOS program students may be offered a place within the regular school curriculum.

About our community

International students are very important and highly valued members of the School community. We welcome all students from a wide variety of countries.

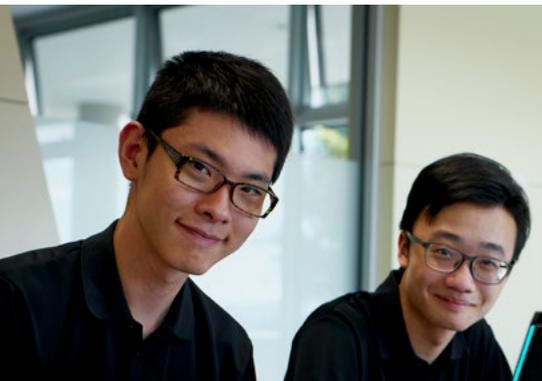

As part of the ELICOS program, students are carefully integrated into the School community. Students are part of a regular mentor class and are pastorally cared for by their mentor teacher, Head of House and the Head of Boarding.

Students also participate in the co-curricular program which includes sports, music, debating, Duke of Edinburgh's International Award and performing arts.

ELICOS students have access to extensive resources including counselling, sporting facilities, libraries and ICT support.

On completion of the ELICOS program, students are supported through their schooling with ongoing English as an Additional Language or Dialect (EAL/D) provisions.

A Collegiate education

St Michael's Collegiate School has been educating young women for over 125 years by developing their passion for learning and providing opportunities for growth. Our international students often continue their studies at top-tier Australian universities.

A Hutchins education

Hutchins has a proud history of outstanding academic success. Our students consistently rank in the highest academic achievers within the State and nationally, this includes 24 Rhodes Scholars.

Outstanding academic results

The Australian Tertiary Admission Rank (ATAR) is the primary criterion for entry into most undergraduate-entry university programs in Australia.

THE HUTCHINS SCHOOL

We are very proud of our teaching and learning outcomes across a diverse and challenging spectrum of curricular and co-curricular opportunities. In 2018, nine boys placed in the top 100 students in Tasmania. Seven boys achieved an ATAR above 99 with 24 boys from Hutchins listed 31 times for achieving the highest possible score in a pre-tertiary subject. Significantly, our ATAR of 89.75 was up by 4.05 which is the highest media ATAR score in the School's history.

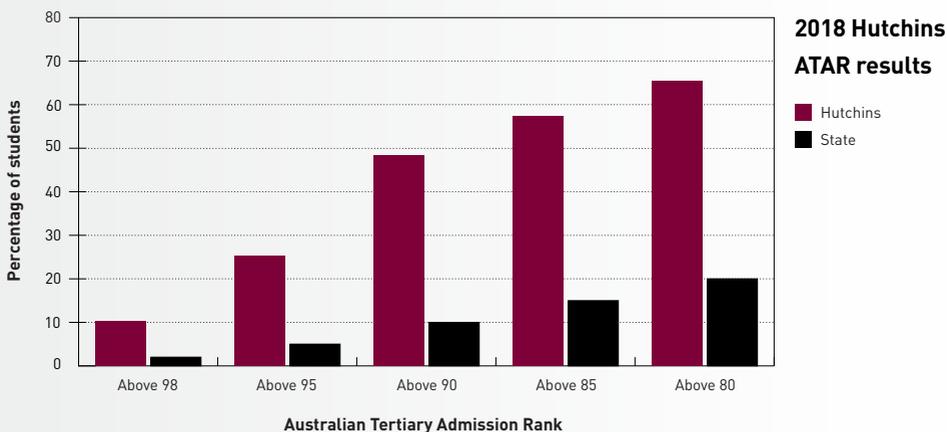

Such exceptional results are a testament to the boys' efforts and discipline to academic studies throughout the year. For some

boys, their commitment to academic study placed them amongst the very highest achieving students in Tasmania, while for many others, their hard work culminated in achievements beyond their own expectations. These Year 12 academic achievements reflect only one part of the comprehensive educational experience available to boys. It is within the context of service to others, co-curricular involvement, academic studies and leadership across the full breadth of experience at Hutchins that we thank and congratulate the efforts of all boys in Year 12.

Dr Rob McEwan

Headmaster, The Hutchins School

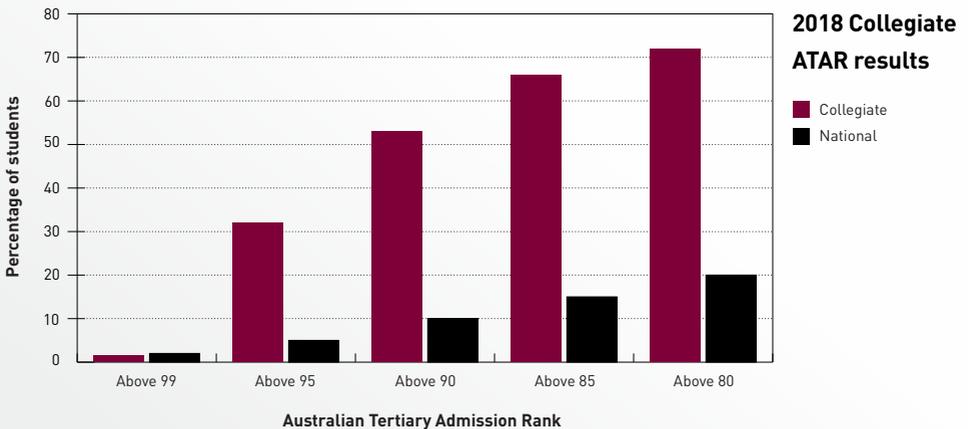

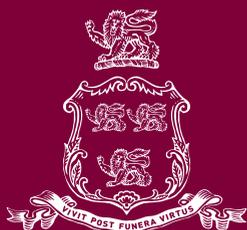

ST MICHAEL'S COLLEGIATE

The 2018 results below are testament to Collegiate's strong learning culture and to the overall breadth and balance of the educational experience offered. They are also evidence of the dedication, passion and expertise of the teaching staff, as well as the ongoing support from parents and the Collegiate community.

Last year, eight students placed in the Top 100 Tertiary Entrance Scores for Tasmania. Four students scored an ATAR above 99, placing them in the top one percent nationally and thirty-two percent scored an ATAR above 95, placing them in the top five percent nationally. Collegiate's median ATAR score was 91.05.
